

Junior Golf Membership at Cambridge Golf Club

NEW JUNIOR DEVELOPMENT PROGRAM

New for the 2008 season is the Cambridge Golf Club Junior Development program. Available to all Junior members in good standing, the program will include clinics, playing lessons and seminars on topics such as Rules, Course Management, Etiquette, Golf Fitness, and "How do I get involved in playing a tournament" and "what do I need to know."

There will be 3 levels within the program and qualifiers to determine each player's level. This will allow the players to be practicing and attending seminars with others of the same caliber.

Through fundraising, team uniforms, tournament entries and prizes will be

purchased. As well, portions of entry fees into tournaments may be subsidized. Players are required to help with all fundraising and volunteer work at the club.

2008 Junior Events

NEW CHANGES AT THE GOLF COURSE

New changes are happening at Cambridge Golf Club this winter with the addition of 2 new ponds on holes #2 and #18, these water hazards will be sure to make your day on the course more exciting.

Also, Improved Club Storage will allow members to lock their clubs up individually and have their own locker space.

A new irrigation pump system was installed in the Fall that will allow 5 times more water to be pumped out onto the Golf Course and enhance your playing conditions.

Please visit www.cambridgegolfclub.com for pictures and details of the exciting new changes!
