WELCOME TO GIRLS' CLUB

Welcome to Cambridge Golf Club's Future Links Girls' Club, an exciting option for active girls. The club is a fun way to learn golf and meet new friends in a team atmosphere. We want to develop the golfer that understands the importance of positive values both on and off the golf course, technical and tactical skills of the game, fitness and nutrition and most importantly how to play the game and have fun!

Why Choose Cambridge Golf Club's Girls' Club?

We know from many studies that girls really benefit from an all-female environment, especially when they want to test their abilities, limits and try new things. We also know that girls who are physically active feel better about themselves. If you want to stay positive and try challenging, fun things, the Girls' Club is the way to do it. Membership in the Girls' Club will not only be fun, it will help you meet new friends and develop skills to play a life long sport.

COACHING TEAM

Our Mission is to create the opportunity for positive golf experiences for our female athletes. We believe in creating a fun learning environment with full coaching support for players at all stages of skill development. Values such as honor and respect for the game are instilled in the players, which ultimately leads them to develop a passion for the sport which can take them anywhere from the playground to the podium.

Perhaps there is no greater impact on the quality of a child's development than the coaching support they are surrounded with. The coaches in our program have exposure to some of the most comprehensive training and certification programs for golf in the world and specialize in junior golf development. As a group, we possess expert training and extensive experience in the physiology and psychology of child development, as well as the tactical and technical components of competitive golf. Our coaches are highly motivated by the mission to support and develop junior athletes with the finest information available in all relevant fields.
